

VERSATILE STRIKING DYNAMIC

- Custom stand look
- Extremely cost effective
- Easily reconfigured
- Huge range of finishes including nylon, fronrunner, hundreds of types of laminates, Plexiglass and slotwall
- Extensive range of accessories such as lightboxes, shelves, cabinets, towers and counters

Extruded aluminium link connectors provide a simple, logical assembly concept. There are none of the small connectors so frequently found in modular systems, and no tools are required.

Moulded shipping cases simplify packaging and drastically reduce the shipping costs associated with custom crated stands.

THE LINK PROFILES

Links are extruded aluminium connectors available in a variety of angles.
